## **DETAILED ACTION**

### **CLAIMS PRESENTED**

Claims 1-22 are presented.

### ***Response to Arguments***

Applicant's arguments filed have been fully considered but they are not persuasive.

As to claims 7-22, Applicant has been persuasive as Applicant has successfully argued that the second protocol, as handled by the claimed invention, is not taught or suggested by the prior art.

Nevertheless, even after a careful consideration, claims 1-6 cannot be considered to have the second protocol handling limitations that distinguish over the prior art. Thus, the rejections of claims 1-6 are maintained.

### **CLAIM REJECTIONS**

Claims 1-6 are rejected under the same bases as in the previous Office Actions. As noted by Applicant in the latest Response, the statutes and the text of the rejections can be found in the earlier Office Actions.

### ***Allowable Subject Matter***

Claims 7-22 are allowed.

Art Unit: 2134

The following is an examiner's statement of reasons for allowance: the second protocol, as handled by the claimed invention, is not taught or suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The art made of record and not relied upon is considered pertinent to applicant's disclosure. The art disclosed general background.
